PEACE RIVER COUNTRY SPORTS ON JULY 20 AND 21

It Is The Only Ambitious Rodeo To Be Held In This Area During This Season

Rodeo To Include All Events Which Lend Themselves To A Real Successful Stampede; Coupled With This Is A Program Of General Sports—Mr. And Mrs. Jim Carey To Give Exhibition Of Trick Riding And Riding—President To Ride Outlaw Mule Or Eat His Hat—Wembley Preparing For Record Crowd.

WEMBLEY, July 13.—The sports committee is gradually working out details for their big Two-Day Rodeo, the only ambitious attraction of its kind held in this area this year. Coupled with this is a real program of general sports. In all over \$800 is being offered in prizes for the event to be held on July 20 and 21.

For the softball tournament \$55 and for basketball \$30 is the prize money.

The Rodeo is in charge of that rodeo manager, Jim Carey, who with Mrs. Carey will give exhibitions of trick riding and roping. The Carey's contribution to the program will be worth the price of admission alone.

The Rodeo will bring together all the best riders in the country, who will battle it out with the toughest horses in the country.

One hundred and twenty-five dollars is the prize money for the rodeo events.

An added attraction will be the crowning of the Rodeo Queen. Al-

Husky Men From Peoria To Work In Monkman Pass

Peoria district, determined to do their bit in cutting the trail in the Monkman Pass, organized and on Monday fourteen stalwarts, fully armed with the necessary equipment and with plenty of grub, stopped off for a short time at Grande Prairie, en route to the pass.

O. L. Toftner, speaking for the party, said that they intended to work in the pass for ten days or two weeks.

In the party were: O. L. Toftner, W. J. Rottach, J. H. Brown, Irving and Wilford Reinsw, J. H. Berg, Orville Berg, W. H. Mosley, Ed. Sprick, Alvin Brown, and Lister Olson.

The members of the party were in high gear and bent on doing their very utmost in whatever work those in charge put them at.

Good Crops In East And Throughout Canadian West

Says W. D. Albright, Who Returned Home On Tuesday, That Wheat Is Showing Up In Saskatchewan—His Paper On Erosion, Read Before A Meeting Of The Association For The Advancement Of Science, Attracted Much Favorable Attention.

That the crops in the East and all through the West are good, was the report brought back by W. D. Albright, superintendent of the Beaver-Lodge Experiment Station, who arrived home on Tuesday's train.

In conversation with The Tribune reporter at the station, Mr. Albright remarked that he saw the East at its best, with good crops everywhere prominent.

Speaking of the West, Mr. Albright observed that splendid crops were noted throughout the West. Unfortunately rain was showing up in Saskatchewan.

The trip east was made to attend a meeting of the American Association for the Advancement of Science, with which the C.S.T.A. is affiliated, where Mr. Albright read three papers. His paper on Erosion in the Peace River attracted a great deal of favorable attention throughout the entire Dominion.

Mr. Albright informed the reporter that he travelled some twelve hundred miles by auto through Ontario and the state of New York, and during all that time he did not see more than a dozen horse-drawn vehicles.

Mr. Albright further stated that everywhere he travelled on the American side he found a very fine feeling towards Canada. He could not tell the difference, for the reason that Canadians are all becoming one people.

"Some years ago I thought I could pick Westerners from Easterners at anything," remarked Mr. Albright. "Now I can tell the difference, for the reason that Canadians are all becoming one people."

Mr. Albright took his car after lunch through New York state and the old gentleman, who is past 81 years, returned very much benefited.

RECENT RAINS GREATLY HELP CROPS NORTH SIDE OF PEACE

The following from Fairview spent a short time in Grande Prairie on Sunday, en route home from a trip into the block, which took them as far as Taylor, Wis. O. L. Moore, J. W. Telfer, Dr. Tony and D. Lock. They stayed to The Tribune reporter that in many cases a good idea of the country along the way they took many canals.

In reply to a question put by the reporter, Mr. Moore stated that the recent rains had greatly benefited crops on the north side of the Peace.

ready many of the most popular young ladies in the district are in the field.

The Rodeo includes all those events which lend themselves to the success of a real stampede.

One of the highlights of this division will be furnished by the president of the sports committee, Wallace Edgar, who will give an exhibition on an outlaw mule. The president states that if he does not ride the long-eared animal to a finish he will emulate Premier Chamberlain and eat his hat—and all.

Wembley is planning for a record crowd and invites everyone to be their guests on July 20 and 21.

Home E. M. Lancot Destroyed By Fire Saturday Morning

Mr. Lancot And Son Douglas Barely Escaped With Their Lives—Sad Home-Coming For Mrs. Lancot, Who Arrived From Montreal On Saturday—Loss, Which Is Partially Covered By Insurance, Estimated At \$6,000.

The home of E. M. Lancot with all contents was totally destroyed by a fire, which started about twenty minutes to four on Saturday morning. The home was located in the auto park.

Mr. Lancot stated to The Tribune reporter that he was sleeping upstairs and was awakened by the crackling of flames. He rushed downstairs to awaken his son, Douglas, who is a heavy sleeper.

The boy then ran in his bare feet to the home of Chester Miller, chief of the fire department. When the department arrived the fire had only saved several outbuildings.

Mr. Lancot further observed that both he and his son considered themselves lucky to escape with their lives, for in a few minutes they would have been killed.

In attempting to save some valuable papers and other articles, Mr. Lancot had to jump over the back of his head and hand, which arrived home from Montreal on Saturday's train.

It is thought that the fire started in the wood-box in the kitchen.

The loss, which is partially covered by insurance, is estimated at \$6,000.

Latest Plane News

Travel by United Air Transport from Edmonton to the Yukon is gradually increasing.

On Thursday, July 7, Pilot Tweed from Edmonton had passengers: Mr. and Mrs. W. F. Wallace of Calgary, J. Glasgow, Edmonton, and Miss Dorothy Ruge of Grande Prairie. Tweed proceeded to Fort St. John, returning to Edmonton same day.

On the same day Pilot Tweed went through Fairview City, where he was accompanied by Mayor H. J. Tooley, returning to Edmonton with mail. Pilot Kubick from Edmonton with the new Stinson, accompanied by Mr. and Mrs. Tooley, returned to Edmonton.

On the same day Pilot Tweed, with mail, returned to Edmonton. Passengers: Messrs. Riley, Wallock and Major H. J. Tooley.

On the same day Pilot Tweed, with mail, returned to Edmonton. Passengers: Messrs. Riley, Wallock and Major H. J. Tooley.

On the same day Pilot Tweed, with mail, returned to Edmonton. Passengers: Messrs. Riley, Wallock and Major H. J. Tooley.

On the same day Pilot Tweed, with mail, returned to Edmonton. Passengers: Messrs. Riley, Wallock and Major H. J. Tooley.

VIATORS FROM LOS ANGELES SURPRISED AT DEVELOPMENT

Mr. and Mrs. Krug of Los Angeles, who were accompanied by their daughter, Freida, are visiting their nephew, F. G. Falk of the Clairmont district.

"We are surprised at the development in this country and the fine type of buildings, and we are certainly greatly surprised to find modern houses the exception."

This was the way Miss Freida summed up the visitors' impressions of the Peace River.

The trip was made by car and no difficulties were experienced.

READY FOR FOURTH EXPEDITION INTO THE ANTARCTIC
Lincoln Ellsworth, the explorer, points out to his wife some technical points of his new plane at the Floyd Bennett Field, N.Y. Mr. Ellsworth will leave shortly to join an expedition at Capetown for his fourth trip into the Antarctic to explore about 1,200 miles of land and ice between the coast line of Enderby Land and the South Pole, which he termed "the last unexplored portion of the globe." Two Canadian pilots will be with the expedition.

DANCE AT THE GOLF CLUB ON FRIDAY NIGHT, JULY 22

A dance will be held at the club-house, Richmond Hill golf course on Friday night, July 22, from 9:30 sharp to 12:30, for members, shareholders and invited friends.

This is the first dance to be held since the installation of electricity. A flood of light will add to the brilliancy of the occasion.

Bishop Langlois To Visit G. P. On Sunday

Weather Permitting Open-Air Mass Will Be Held On St. Joseph's School Grounds At 3 P.M.—Public Cordially Invited.

His Excellency Monsignor Langlois, recently consecrated Bishop of the Vicariate, will visit Grande Prairie next Sunday, July 17. Weather permitting there will be an open-air Mass on St. Joseph's School grounds at 11 a.m.

At 3 o'clock in the afternoon there will be a public reception for Bishop Langlois on the school grounds, to which the officials of the town, local organizations and general public are cordially invited.

In the evening, at 7:30, the Bishop will officiate at Pontifical Benediction in St. Joseph's Church.

The morning service will be on the air over station CPOF.

As a young boy, the present Bishop Langlois met the famous Father Lacombe in the province of Quebec and by the inspiration of that great missionary resolved to devote his life to the Apostolic missions of the West and North.

Improvement West Crops Noted By Manager N.A.R.

J. M. MacArthur, manager of the N.A.R., took a run over this branch of the railway on Tuesday, returning on Wednesday.

Seen by The Tribune reporter at the local station, Mr. MacArthur stated that he was taking a trip over the line to investigate crop conditions. He was pleased to note that the crops had greatly improved in the west area since his last visit a short time ago. "However, more rain is needed," the manager added.

C. C. F. Convention At Edmonton On July 26 To 29

From July 26 to 29, inclusive, Edmonton will be the scene for members of the C.C.F. party, for on those four days the Provincial and National conventions will be held.

J. S. Woodsword, national leader, and other prominent party leaders will address the convention.

Important national and provincial business will be dealt with.

From correspondence received by I. V. Macklin, the various points in the North will be represented.

Weather permitting, cars are going from Dawson Creek, touching points on the way. Delegates and members wishing to go to the convention are asked to report by mail or phone short time ago.

Experienced drivers are giving their cars and services free.

Alf Peart of the Forestry Department, after looking after some work for his department here, returned to Edmonton on Monday.

U.F.A. Convention Held At Rycroft On Monday Decided To Remain In Political Field

Upwards Of Eighty In Attendance—Both North And South Sides Of Peace Well Represented—Production Tax Opposed—Convention Condemned Re-Entry Of 15,000 Mennonites Into Canada From Mexico—Mrs. Malloy, President Of Provincial U.F.W.A., Addressed The Convention—All Last Year's Officers Re-elected.

DANCE AT BEANSON HALL ON FRIDAY NIGHT, JULY 22

The Beanson Sports Committee are in need of more money for their sports ground and in order to meet the situation are holding a dance on Friday night, July 22. Supper will be included in the admission charge. Good music.

RYCROFT, July 12.—Upwards of eighty attended the U. F. A. annual convention of the Federal Constituency of Peace River, held here in the Agricultural Hall on Monday.

Both sides of the Peace River were well represented and much business was done.

The morning session was taken up with planning an agenda for the afternoon.

The most important matter dealt with was the political status of the organization and the discussion of political views while the machinery of the organization is being used for the furtherance of one view.

President Hon. Hugh Allen was in the chair.

It was decided that the U. F. A. organization cease all direct political activities in the hope of winning the interest of the matter on which we differ we might be more widely and solidly occupied to which we belong.

The following spoke to the question of the U. F. A. organization: D. M. Kennedy, Hon. Hugh Allen, Messrs. Griffiths, Salmon, Harris, Teeple, Powell, Stickney and Callister.

NATIONAL ADVISORY COUNCIL FORMED FOR RELIGIOUS BROADCASTS

TORONTO, July 12.—Formation of a National Advisory Council on the broadcasting of religious services, scheduled to begin in October, was announced here by Gladstone Murray, general manager of the Canadian Broadcasting Corporation.

The Council is to consist of two representatives of each of the following denominations: Baptist Church, Church of England, Presbyterian Church, Roman Catholic Church and United Church.

CBC plans to begin in October the Sunday broadcasting of half-hour religious services over the national network under the auspices of the Advisory Council, chairman of which will be Rev. J. E. Ward, of St. Stephen's Church, Toronto. The honorary secretary is Rev. James Mutchmor of United Church headquarters in Toronto.

Plans Being Laid To Take Parties To End Of Trail On M. P. Highway

Plans are being made for a visitors' party to the end of the trail on the Monkman Road in the near future. Passengers' cars may be left at Beaver Lodge or Rio Grande. The trucks will leave from there.

Anyone wishing information should get in touch with James Charters, Grande Prairie; Herb Cook, Wembley; Moore's Store, Beaver Lodge; or Grosbie McNaught, Fairview.

Cost of the trip will be shared among those taking part and it is expected to be about four dollars each. Passengers will furnish their own food supplies and bed rolls.

Anyone wishing to return from Stony Lake, three days will be required for the trip to the Falls. Arrangements can be made for those wishing to stay one week and return with Association's supply truck.

The Association does not recommend people to drive their own cars over the new road as yet.

One Hundred and Twenty-Five Entries At Sexsmith And District Flower Show

As Was The Intention, It Was Chiefly A Peony Show—G. M. Clark's Non-Competitive Exhibit Was Worth The Visit To The Show—Mrs. Graham's Peony, "Sarah Bernhardt," Captured Top Award—Exhibit From Experimental Station Further Added To Attractiveness Of Show.

ONE HUNDRED AND—2 Col. Dek. Flower-minded citizens of Sexsmith and district successfully demonstrated to the rest of the world on July 6 that a flower show can be "put across" even though the season be not a particularly favorable one. The date was well chosen. Weather conditions were ideal. The committee not only succeeded in selecting the best day to obtain a representative variety of flowers but it also succeeded in swelling the visitors' register by contacting many sport fans who dropped in on their way to the ball grounds.

A section of the curling rink proved a choice location in which to display the 125 entries. In all, 38 classes were represented. As was the intention, it was chiefly a peony show. Foremost in this sphere was C. M. Clark's non-competitive exhibit of over 300 blooms and 100 or more named varieties. This exhibit alone was worth the visit to the show. Mr. Clark's painstaking preparation to insure his exhibits appearing in prime condition is an accomplished feat which brands him as a horticulturalist of the first order. For three weeks prior to the date of the Flower Show Mr. Clark examined his plants with the most scrupulous care. His approval was not a paper bag placed over the developing bud and then taken to the show. The Royal Canadian Trading Company, where they were temporarily preserved until they could be removed to John Olson's cold storage in Sexsmith. His entire 100 or more blooms were treated in this manner. Shortly before the opening of the show-rooms, the bidders were taken on the refrigerator, uncovered and induced to expand by bringing them into a warm atmosphere. It is an accomplished feat by immersing the stems in warm water. The result was that all blossoms were fully opened and ready for the opening of the show-rooms, the bidders were taken on the refrigerator, uncovered and induced to expand by bringing them into a warm atmosphere. It is an accomplished feat by immersing the stems in warm water. ILLUSTRATED NEWS OF THE WEEK

A SPECIAL TRIBUNE FEATURE
THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

EARTHART NAVIGATOR CRASHES

Captain Harry Manning, famed for his rescue work at sea, in the sinking of the Italian liner "Florio" in 1928, is pictured, dazed and bloody, after being hauled from the wreckage of his plane (top) in which he was making a practice flight over Roosevelt Field. Manning was navigator for Amelia Earhart on her proposed equatorial flight around the world, which ended in a crash at Honolulu.

MAPLE LEAFS' NEW SKIPPER

Jack Burns, veteran first baseman, who has been installed as manager of the Toronto Maple Leafs in place of Dan Howley, who is voluntarily retiring from that position. The move came as a complete surprise, despite the frequency of Toronto defeats during the past three weeks. Howley will remain with the Toronto team in the capacity of adviser.

Fast vacation-time action calls for a speedy shutter. Nobody wants to miss shots like this, or get pictures that are blurred and fuzzy because of movement.

IF YOU are planning to get a new camera for your vacation this year, let me suggest that you do not delay until the last moment, and then have to pick your instrument in a great rush.

A camera should be chosen with care and attention to every detail—picture size, lens, shutter, view finder, ease of opening and handling, at all unsteady, a speedy shutter is a great help in getting sharp pictures.

You have a wide choice of camera styles and prices. You can get super-speed miniatures with f.2 and f.2.8 lenses; others with f.2.5 lenses; cameras taking larger pictures that have f.3.5, f.4.5, and f.6.3 lens. Naturally, the better the camera is—the more speed and versatility it has—the more it costs, but there is no need to spend in excess of your needs. Thousands of good pictures are made every day with moderately priced cameras, and they will serve for most snapshot purposes.

THE KING GEORGE V MEMORIAL IN WESTMINSTER

This photograph shows a model of the accepted design for the King George V Memorial at Westminster, London, which gives a good idea of the position the memorial will occupy. Several buildings will be demolished to make room for it.

AS CRIMSON OUTROWED YALE ON THE THAMES

A powerful Crimson varsity crew is shown crossing the finish line in front of the Yale shell in the 67th annual renewal of their four-mile race up the historic Thames River, at New London, Connecticut. Earlier, Harvard freshmen and junior varsity crews triumphed in their events, giving Harvard a clean sweep of the regatta.

LOST OUT IN ELECTION OF CONSERVATIVE LEADER

Above are shown three prominent Conservatives who lost out at the recent Conservative convention in an election to appoint the successor of Hon. R. B. Bennett. They are, from left to right: Col. G. S. Drew, Denton Massey, and Hon. Earl Lawson.

ENVOY HOME FROM RUSSIA

Ambassador and Mrs. Joseph E. Davies are pictured as they arrived in New York aboard the liner Washington, Mr. Davies, who has been the United States envoy to the Soviet Union, will soon sail for his new post as Ambassador to Belgium.

SAILS FOR ENGLAND

Right Hon. Sir Lyman P. Duff, P.C. Chief Justice of Canada, photographed on board ship as he sailed for England to attend meetings of the Privy Council.

"Would you like a revolver, a rope or a vote for the publicists?" —La Lumiere, Paris

ONE IN THE SHADE

DISMAL JIMMY: "Don't tell me. I can't bear the sight!" —News of the World.

"That reminds me—you must speak to father about our engagement!" —Das Interessante Blatt, Austria.

The SNAPSHOT GUILD
PROPER EXPOSURE

Brilliantly lighted beach subjects, with no harsh shadow, take less exposure. For this, 1/25 at f.16 (or the large lens opening on a box camera). If subject faces sun, or for a "long-shot" beach view, use f.22 or the small lens opening on a box camera.

MANY writers make a great to-do about exposure, so that it seems complicated. As a matter of fact, for most ordinary subjects out of doors, it is simple.

Light in very early morning or late afternoon is quite weak, but from an hour or so after sunrise to about an hour before sunset, it is fairly constant in its intensity. During the middle daylight hours, camera loaded with chrome type or "pan" type film, set your lens and shutter as follows:

BRILLIANT DAY
Average subject, 1/25 second and f.11 lens opening.
Open landscape, 1/25, f.16.
Water or beach scenes, 1/25, f.22.

CLOUDY BRIGHT DAY
Average subject, 1/25, f.8.
Open landscape, 1/25, f.11.
Water or beach scenes, 1/25, f.16.

DULL DAY
Average subject, 1/25, f.8.5.

Not Exactly Stiffer—
With the rank and file of musicians starving, here's the emolument James Petrillo, proxy of the Chicago musicians' union, received last year: \$12,000 for home furnishings, \$1,700 for a garden, \$18,000 extra to cover his income taxes, \$25,000 for an armored car with guards, \$5,000 for expenses and a few other trivial items adding up to \$110,700.

Piles Like a Fly
An international record was claimed for Professor Heinrich's "housefly" flying machine which flew 144 miles from Bremen to Rangoon, near Berlin.

The helicopter, like a fly, can go forward, up, backward, sideways, down, or stand still in the air. The machine has rotating wings driven by an engine in the fuselage. It has no propeller, but uses a changing angle of incidence of the revolving wings for its sideward, backward and forward motion.
